TRIUMPH SPITFIRE MK3, GT6 MK2

FRONT BUMPER AND FRONT BUMPER HORNS

Anyone who has restored or wants to restore their Triumph Spitfire MK3 or GT6 MK2 knows that both the bumper and the typical bumper horns have not been available for many years. In order to counteract this deplorable state of affairs, we have reproduced the parts true to detail with a new steel pressing tool and also provided them with a high-quality chrome plating. The exactly fitting rubber parts complete the overall package.

All parts are now available from stock.
