

BASTUCK CLASSIC PRODUCT INFORMATION

EDITION 38/23 | 21.09.2023

TRIUMPH SPITFIRE, GT6, HERALD, VITESSE

LOWER WISHBONES

Getting lower wishbones for Triumph Spitfire, GT6, Herald or Vitesse has been a futile endeavour for some time. For us, this was not a sustainable state of affairs, so we decided to both produce the respective tools and remanufacture the wishbones.

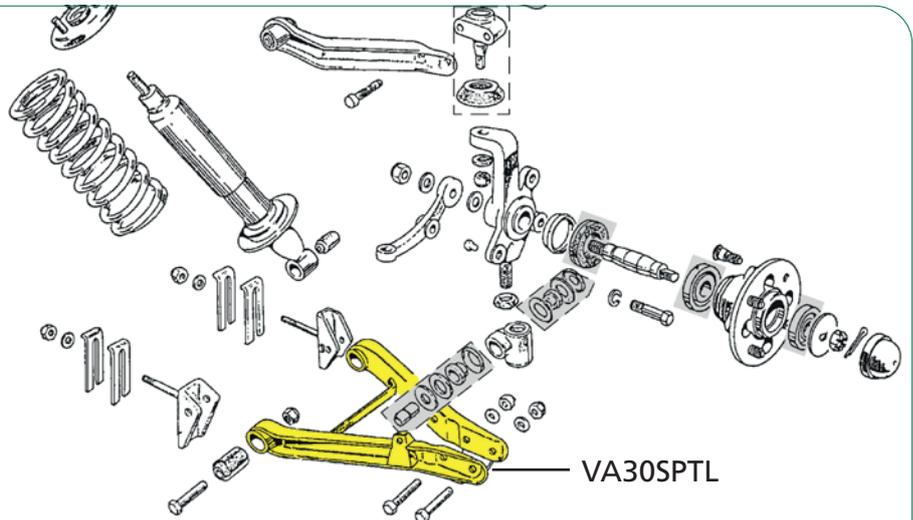

We used our many years of experience with the Triumph brand and placed particular emphasis on the original appearance and function. In addition, the wishbones are galvanised by us so that optimum corrosion protection is guaranteed, and you can enjoy this new BASTUCK part for a long time.

In addition to the wishbones, we have many other high-quality front axle parts available from stock.

- » exact fit and original appearance
- » galvanised
- » attractive price
