### TRIUMPH GT6 AND SPITFIRE

#### BONNETS

For decades, the bonnets for the GT6 MK1, MK2, Spitfire MK1-MK2 and Spitfire MK3 were not available. Anyone currently restoring their classic car or planning a restoration can now make use of the new BASTUCK bonnets.

They are in original quality, which is possible thanks to the use of new and modern moulds that we have had specially manufactured. As lovers of classic cars, we know how important it is that the spare parts fit perfectly, so we have paid particular attention to this.

To give rust no chance, we made them from galvanised deep-drawn sheet metal and also primed them to a high quality.

The bonnets for the GT6 MK1 and MK2 can also be fitted to the Spitfire MK1-2 and MK3.
