

Ignition lock on steering column (incl. two keys)

- Perfect fit
- Reproduction true to original
- high level of quality

Available for different Triumph models, we have added yet another product to our range: the BASTUCK ignition lock functions as theft protection and has been newly manufactured.

For many years ignition locks have been overpriced which led us to the decision to reproduce the part in high quality in order to offer it at a reasonable price.

The BASTUCK ignition lock fits the models Triumph TR4, TR5, TR6, Triumph Spitfire MK1, MK2, MK3, MK4, GT6, Vitesse and Herald.
