

## High-value rubber brackets for Volvo - models

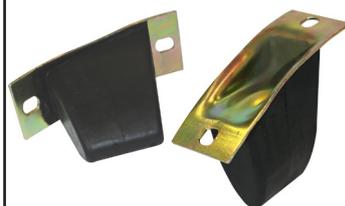

- now available
- high-value BASTUCK quality
- various designs in stock
- excellent price-performance ratio

It has not always been easy to get high-value rubber brackets to restore your classic car. For this reason, we have had various rubber brackets reproduced in a true to original way (bump rubber, rubber suspension, and beading) in contemporary, high-value EPDM rubber.

The rubber suspension M94VOAM is delivered including plain washer, lock washer and an already mounted nut. The metal parts are galvanized yellow.
