

## Triumph TR2-3B: front wing

- perfect fit
- in OEM quality (Stanpart)
- manufactured with new pressing tools
- made of galvanised deep drawing sheet

Repeatedly we are expanding our range of products for classic Triumph cars. We have seen a special need to take action in the field of body parts and thus have newly included several body parts in our product range.

From now on you can also purchase a front wing for the TR2-3B. This wing has been produced with new specially manufactured tools. The basic material of the wing is galvanised deep drawing sheet which is coated with a high-value primer afterwards. Therefore, it does not only correspond to our high-quality standards for classic cars, but also convinces with its absolute fitting precision and its competitive price.
